SCF Office 2022 - 2023

Making Swedish women's cricket a reality!

Created: 2022-03-30
Completed: 2023-08-03

Introduction

We in the **SCF office are strong believers of transparency**; for that reason, we wish to publish **the official results of the two years women and girls project 2022 – 2023**.

We could never imagine achieving such great results as presented in the attached document, **when we first started working with this 2 year-project from practically zero, without any previous plans**.

The ambition for development and encouraging women's cricket to thrive by giving them a platform and respect from all cricketers, motivated us to hurdle all obstacles through the bumpy road towards our goal, **making Swedish women's cricket a reality!**

Our expressed goal was to create equal opportunities for both men and women; therefore, we have set a new format in motion for women's cricket from season 2023 - onwards.

The goal was to develop a stable structure for women's cricket and the development of ideas that continuously keeps growing in quantity & quality, helping to attract a new generation of female cricketers.

Project team have helped the clubs with marketing, communication and strategical thinking, with the ambition on becoming the best Nordic cricket nation for all female players regardless of age or ethnic origin, **always with common sense and realistic planning in mind**.

Thank you, female players, umpires, coaching staff, CricClubs and passionate resources for this development.

Explanation of tournaments 2023

Explanation of tournaments 2023

SCF office planning

T20 Svenska Cricket Ligan Dam (SCLD): The most important tournament for Women's cricket, this competition is the league.

Ladies Premier League (LPL): A 2 days tournament, with 3-4 regional teams competing against each other. This will follow the same concept as our already existing Junior Premier League and Senior Premier League as pathway for National team selection.

T10 Svenska cupen (Swedish Cup): leads to finals during SM-veckan 2023

T10 SM-veckan: Is a national televised multisport event week, where lesser known sports are given the exposure to market their sport through national TV channels.

T20 Sommarmatcher 2023: Clubs could play matches on their own (scheduling) terms. More flexible planning during the late Swedish summer. **(cancelled due to budget cuts)**

CricClubs Ladies Premier League 2023

After first youth debuted their JPL 2021 and a year later the men played their SPL, we couldn't accept not providing the same opportunities for our female cricketers.

In late 2022 (10th November) SCF office begun planning the equivalent event for our women.

This event also started the partnership with CricClubs as official uniform provider for SCF, together with StayLive as streaming service for events.

Do you want to become the first female ICC educated umpires? 🙌🏻

Then follow updated information from ICC below:

The ICC Umpire Foundation course is available on EdApp as of today!

The development of umpire courses has been a priority for the ICC to support our members in the training and development of local umpires. High quality umpires are instrumental in improving the playing experience for all participants and they play an important role to improve the standard of cricket. With the launch of the ICC Umpire Foundation Course, we are taking another step in the roll out of Umpire education across the region and the globe.

Where can I find the course?

The course is available online and for free via the ICC's Training and Education platform on EdApp. People with an existing account will be able to access the course on their account. Anyone not yet registered can find the registration page here: [ICC Training and Education \(edapp.com\)](https://www.icc-cricket.com/training-education)

What about accreditation?

ICC will be launching the ICC Umpire Level 1 later this year on the back of the first tutor training cohorts in Europe. More information will be shared in due course. The ICC Umpire Foundation certificate will be a pre-requisite in participating in an ICC Umpire Level 1.

Women's cricket Education - ICC Level 1 Coaching Course

During 25 – 26 March 2023, Cricket Sweden welcomed females from all of Sweden, who had previously completed their ICC Edapp online assessment to participate and become the first ever-coaching level 1 ICC educated females in Sweden by Cricket Sweden.

In total 6 female players participated in a two-day coaching education course in Stockholm, guided by two ICC tutors

Development

Team development ideas and execution

Development

1. Establish from the beginning a **non-mixed team policy**, encouraging clubs to have “full” teams” from the beginning will **increase the value of women’s cricket, creating identity among both clubs and players towards their organisation.** (Completed)

2. Encouraging women’s team to create their own identity through; supporting chants, slogans, what makes them unique, etc. (Completed)

Results: <https://cricket.se/officiella-t20-damslag/>

3. Encourage a code of conduct among female players – coaches. (Completed)

Result: Introducing an updated SCF code of conduct (SCF uppförandekod)

Anti - match fixing

Svenska Cricketförbundet
Administratör Stor medskapare · 6 oktober 2022 ·

Matchfixning:

I samband med damlandslagets internationella debut, vill Cricket Sweden påminna spelare och ledare om risken av matchfixning (uppgjorda idrottsmatcher)

Matchfixning är ett allvarligt hot mot tävlingsidrottens framtid. RF, beskriver matchfixning på följande sätt:

"Matchfixning är ett av de största hoten mot tävlingsidrotten. De senaste åren har ett flertal fall med manipulerade idrottsresultat, med spel på desamma, upptäckts. Företeelsen strider mot svensk idrotts grundläggande värderingar som integritet, rent spel och respekt för andra.

Om idrottstävlingar eller delar av idrottstävlingar är uppgjorda blir idrotten i en förlängning inte längre intressant.

Varken att delta i eller titta på. Matchfixning involverar dessutom ofta organiserad brottslighet och med den följer risk för hot och påtryckningar mot dig som är aktiv inom idrotten"

Vi på Cricket Sweden vill uppmuntra att både spelare och ledare, går igenom utbildningen som RF har framtagit om Matchfixning, Min match. Utbildningen är gratis, och går att genomföra på både svenska och engelska.
